**QUIZZYBEE**

BY SNEHA KUMARI

## 1. App Component

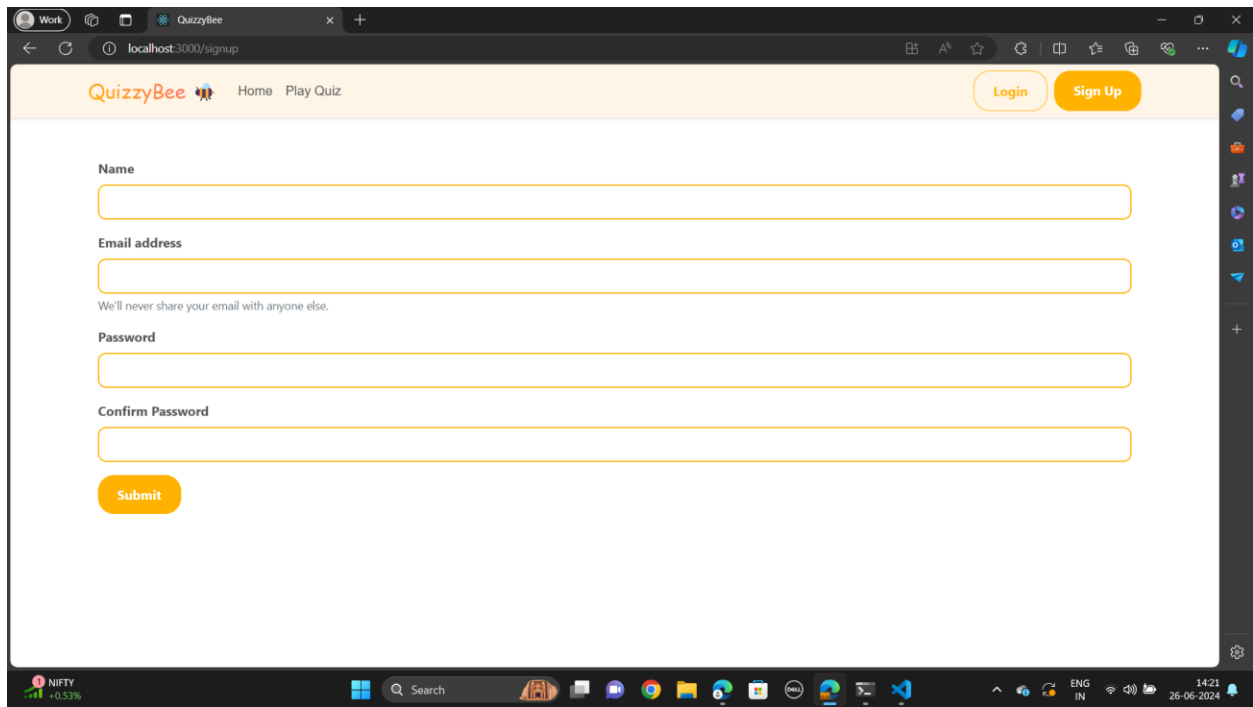

**Description:** Entry point of the application. Sets up routing and global context providers.

## 2. Header Component

**Description:** Displays the logo, navigation links, and user actions (login, profile).

- Logo
- Navigation Links (Home, Quizzes, Categories, Profile)
- User Actions (Login/Profile)

The screenshot shows a web browser window with the URL `localhost:3000/signup`. The page has a header with the QuizzzyBee logo, a home icon, a play quiz icon, and buttons for 'Login' and 'Sign Up'. The main form contains fields for 'Name', 'Email address', 'Password', and 'Confirm Password'. A note below the email field states, 'We'll never share your email with anyone else.' A 'Submit' button is at the bottom of the form. The Windows taskbar at the bottom shows the NIFTY index and the date 26-06-2024.
